MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Your Request for my Follow-up with PP Staff on
(a) PP Staff Memorandum to DCI re Cold War
Stockpiling, (b) D & TO Funds

25X1A9a
1. I have held lengthy discussions with representatives of the PP Staff, including Mr. [REDACTED]. They have assured me that all memoranda in the future from the PP Staff being processed beyond the DD/P and involving support matters will be brought to my attention so that I might advise you appropriately when necessary.

2. In order to correct their memorandum for the DCI on subject (a), dated 19 January 1957, they will re-submit a memorandum correcting the misinformation included in their original paragraph 7. This error occurred as a result of improper coordination within the PP Staff. I have been assured that this is to be the subject of a special meeting with the Branch Chiefs and other senior officials of the PP Staff on 11 February 1957. The original understanding with which you concurred on the generating of requirements and actual handling of cold war materiel has been reaffirmed by the PP Staff.

25X1A9a
3. I have had three separate discussions with senior members of the PP Staff on the subject of the current handling and the future plans for the use of D & TO funds. The PP Staff will hold a meeting during the second week of February on this subject and, as a follow-up of that meeting, will develop a procedural paper on this subject. This paper will be reviewed by me, Mr. [REDACTED] and others on this Staff and discussed with Mr. [REDACTED] and others in the Comptroller's Office. When this procedure and a sound plan for the future use of these funds has been developed, I will take it up with you for your concurrence or comments.
